Town Warrant

To the Inhabitants of the Town of Dublin qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, March 14th, next at nine of the clock in the forenoon to act upon the following subjects:

First: To bring in your ballots for Town Clerk, Town Treasurer, Selectman, Road Agent, Tax Collector, Water Commissioner and three members of the Budget Committee.

Second: To choose all other necessary Town Officers, Agents, Auditors and Committees for the ensuing year.

Third: To hear reports of Agents, Officers, Auditors and Committees heretofore chosen, and pass any vote relating thereto.

Fourth: To raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year, and for any other purposes as may be mentioned in the Budget.

Fifth: To see if the Town will vote to instruct the Selectmen to apply for Town Road Aid.

Sixth: To see what sum of money the Town will vote to raise and appropriate for removing stumps, grading the west end and relaying the wall around the Frothingham Addition, in order to inclose it within the walls of the Cemetery or take any action relating thereto.

Seventh: To see if the Town will vote to instruct the Selectmen to apply State Aid on bridges.

Eighth: To see what sum the Town will raise and appropriate to replace the small tractor or take any action relating thereto.

Ninth: To see if Town will vote to raise and appropriate a sum of money to spray roadsides for the extermination of gypsy moths or take any action relating thereto.

Tenth: To see if the Town will vote to allow the Selectmen to borrow money or appropriate money from the Treasury such

sums as they deem necessary to finish repairing damage to roads and bridges done by last fall's storm or take any action relating thereto.

Eleventh: To see if the Town will vote to accept the deed of land from Francis E. Frothingham for an addition to the Cemetery.

Twelfth: To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

Thirteenth: To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds.

Given under our hands and seal this 20th day of February, 1939.

REPORT OF ROAD AGENT

All roads were scraped during the year, widening them from one to six feet.

All roads were dragged several times with the exception of Blackberry Lane, which is in a deplorable condition and should have a special appropriation. All tar roads were oiled and all ditches were cleaned.

The Tractor House was moved to the Tool House lot, and a shed was built for storing our snow plows. We built a storage vault for storing dynamite.

We resurfaced 1,000 feet of tar road on the upper Jaffrey road starting at Parson's corner and continuing towards Jaffrey.

As to damage caused by flood and wind; we made such temporary repairs on the most damaged roads, as time would permit.

I wish to express my appreciation for the cooperative assistance, received during the year, from both Officials and Citizens.

W. H. PLIMPTON, Road Agent.

REPORT OF SUPERINTENDENT OF CEMETERY

During the past season visitors have come to the cemetery from far-off states, Oregon, Washington, New Mexico and the mid-west, usually to find the gravestones of ancestors who once lived in Dublin.

To the 1925 E. W. Jones plan of the cemetery, there should be added lettered markers through the center and along the sides in order to make this survey more helpful in locating graves; these can be secured for a nominal sum.

One additional trust fund was provided during the year bringing the number of perpetual care lots to a total of thirty. While a \$100.00 trust fund now yields an income of but from \$2.50 to \$3.00 annually, at the present rate of interest, it will, nevertheless, secure regular, perpetual care of a lot. Whenever possible such an endowment is recommended and welcome.

The September hurricane left twenty-six fallen trees, many of them uprooted, to be removed. These have been taken out, broken limbs cut off and cleared up. About a dozen gravestones were blown down, some badly broken, which should be repaired and re-set in the spring.

From the 1938 town meeting appropriation of \$250 provided for removing trees, surveying and filling the west end, \$168 has been expended, principally for cutting and clearing out trees. In the Frothingham Addition some shade trees have been left standing, several to be removed later on when that section is required for use.

It would seem desirable to remove the stumps from the newly cleared portion next spring, grade and grass as much of it as possible and stake out several lots, for which there is now a demand. Another road should be planned also. The stone walls on two sides of the Frothingham Addition, if taken down, could be used for a new wall along the sides of the two highways, to which the land extends.

Having cut out the trees and small growth, the greater part of this cleared section appears dry and desirable, sloping attractively toward the lake; sufficient space has thus been provided to last the town for many years.

A row of willow trees is suggested for the west end beside the lake road, planted sufficiently far apart to afford a vista from the highway. Old fashioned flowering shrubs for embellishment, lilacs, meadow pinks and mountain laurel placed at intervals in the lowland along the roadside, would seem suitable for use and conform to the general appearance of the cemetery.

HENRY D. ALLISON.

REPORT OF LIBRARIAN

The report of the year ending January 1, 1939 is herewith submitted.

In June 1938, the Library committee put into effect the following rule.

1. Books and magazines are loaned, free of charge, to:
 - (a) Residents who vote in Dublin.
 - (b) Taxpayers in Dublin.
 - (c) Guests of either the above groups.
 - (d) Servants of either the above groups.

2. Books and magazines are loaned upon the deposit of two dollars (one-half of which is returned at the end of a year) to:

- (a) Non-taxpaying, non-voting residents of Dublin. And/or
- (b) Guests of the same. And/or
- (c) Servants of the same.

This idea met with the approval of the public, and from this source fourteen dollars was received last year.

The Nation, Vogue, and the New Yorker have been added to the magazine list.

The library added, by money appropriated by the town, the Dublin Book Club, and other gifts, two hundred and twenty-five worthwhile books during the fiscal year. Mr. and Mrs. Kenneth Brown gave the library twenty-two bound St. Nicholas. Mrs. Robert Sterling recently presented the children with new books.

Do make use of your public library. It offers you many opportunities for recreational and informative reading.

Respectfully submitted,

DOROTHY WORCESTER, Librarian.

REPORT OF THE DUBLIN SCHOOL BOARD

To the Citizens of the Dublin School District:

We herewith submit the one hundred and seventeenth annual report of our school.

The school year beginning in September 1938 was marked by the addition of another full time teacher. For some time, as each year saw a larger enrollment, it has been increasingly difficult for the teachers to handle three grades in one room, in addition to their management of special subjects. The enrollment of this year (over 35% greater than in 1936) was so large that it seemed necessary to engage another teacher, even though no provision had been made in the budget for this added expense. One of the ways in which this was made possible was by reducing the time of the music supervisor. This was regretted but seemed unavoidable to meet the emergency.

Miss Grimes, who formerly taught part time only, now has charge of the new room, teaching the third and fourth grades, and continuing to manage the preparation and serving of hot lunches.

Miss Worters teaches the fifth and sixth grades, supervises the art and music practice in grades five through eight, and leads the girls' 4-H work. She also manages the special work in scenery design and painting.

Miss Gunn has the first and second grades, as well as the music and gymnasium in grades one through four.

The increased efficiency of these arrangements makes it possible for Mr. Tobey, not only to carry along the routine studies of the seventh and eighth grades, but to give time and thought to many activities of great benefit to the school.

Among other things, he has been able to resume the special nature program which will culminate in the Abbott H. Thayer Bird Contest in the spring. Mrs. Sterling will present the award formerly given by Mrs. Barney.

Mr. Tobey and the headmaster of the Peterborough High School are in constant communication concerning the attendance and scholarship of the Dublin children now in High School. Follow ups of these conferences have shown definite results. We are glad to note, also, that in spite of transportation difficulties, our High School students have made definite showings in outside activities such as basket ball, dramatics, and the Writers' Club.

The use of the gymnasium, stage, and dining rooms has broadened the scope of school activities. It is hoped that it will continue to prove more valuable each year, not only to the school but to the community. In this connection, we would like to report that a committee has been formed, consisting of the School Board and two other members, to discuss the use of the school building by townspeople. It is difficult to anticipate all the problems which will arise in an untried project of this sort,

and for this reason confusion has resulted. Now that the new addition has been in use long enough so that a committee will have past experience to guide them, a simple set of rules, formulated to guard the best interests of the community, will be to everyone's advantage.

Mr. Clukay reports a noticeable saving in fuel since the roof of the building was insulated. This saving will not appear on the budget, however, as it is to be applied yearly on the purchase price of the insulation, which the company is allowing us to pay for in this way.

On referring to past reports, it is encouraging to find how many of Mr. Tobey's expressed aims have since been realized. It is equally encouraging to hear from him that he is still full of enthusiasm for future accomplishments.

We feel sure that many others would like to join the School Board in expressing appreciation to Mr. Tobey and to all those who are helping him to make the school of increased value to the children and the community.

REPORT OF THE SUPERINTENDENT OF SCHOOLS TO THE DUBLIN SCHOOL BOARD

I submit herewith my fifth annual report of the Dublin schools together with the statistical table and summary, and the report of Miss Margaret E. Harris, school nurse.

The increased enrollment last year and during the present year made it necessary to secure a fourth full time teacher in order to carry on the work to the best advantage.

This reorganization allowed us to place Mr. Tobey in charge of grades seven and eight, instead of six, seven, and eight. Miss Worters now has grades five and six instead of three, four and five, and Miss Grimes, who was part-time teacher doing remedial work, was placed in charge of grades three and four; and Miss Gunn continued her work in the primary grades one and two.

This new arrangement is working out very successfully, and should be especially beneficial, as it allows more time for work with individual pupils.

The extra expense of a fourth teacher, not having been provided for in the budget, necessitated a reduction in the time allowed for a music supervisor. As a result Mrs. Whitcomb has been coming only once in two weeks during the present year.

I suggest that arrangement be made for a visit from the music supervisor every week during the next school year.

The organization and work of the Dublin Consolidated School, under the leadership of Principal Alfred R. Tobey, is outstanding, and I believe that parents recognize the benefits to be secured in a school so organized and maintained.

The additions to and improvements made in the building during the past year and a half have helped greatly in improving the efficiency of the work.

Careful study is being given to reading in the primary grades and we hope another year to secure additional equipment to help in making this important work more effective.

Elementary education must emphasize happy, successful living and the solving of real problems even when the child is within the walls of a school building. Its curriculum should be as broad as child life itself, and must be made up of real experiences appropriate to the level of maturity of the various groups of children.

I believe the teachers of the Dublin Consolidated School are devoted to their work with the children placed under their care, and we should give them encouragement in carrying out the work they have undertaken.

I sincerely appreciate the cordial support of the school board, teachers, pupils and parents in carrying on the work of our schools.
